MS4 Permits

Cities and other entities with storm sewer systems have permits from ADEQ for stormwater discharges to waters of the US.

Stormwater Outreach for
Regional Municipalities

Only Rain in the Storm Drain

www.azstorm.org

Our Motto:

**“Only Rain in the
Storm Drain”**

This seminar will:

- **Provide useful information on MS4 requirements and expectations for the construction industry**
- **Help STORM meet MS4 permit requirements for Business Sector education/outreach**

MS4 Permit Requirements

For construction sites:

- **Maintain inventory**
- **Review plans**
- **Conduct inspections**
- **Report non-filers**

Uniform Requirements

All MS4s:

- **Require grading and drainage plans**
- **Have a stormwater ordinance***
- **Conduct construction site inspections**

*** Except ADOT**

Inspections

Different MS4s inspect:

- At different minimum frequencies
- Enforcing different local ordinances
- Using different types of inspectors

Remember:

- **Any construction site inspector may cite for stormwater violations**
- **ADEQ or EPA may also inspect at any time**
