

# LID Policies and Implementation

# Existing Policies and Procedures

- City Code – quantity and quality
- Engineering design standards

# Proposed Policies

## City of Glendale General Plan

- Promote LID
- Continue providing incentives for low-water-use landscaping
- Encourage LID techniques in public and private new development and redevelopment

# Challenges

- Private property
- Inter-disciplinary
- Limited availability of standard details
- Budget – Construction vs O&M

# Glendale's Experience – LID in Action

# Park and Ride - 99<sup>th</sup> Ave and Glendale Ave

# North Glendale Park and Ride

**Rain Garden at Glendale's Main Library**

Think about where the water is coming from...

Rocks dissipate the energy from roof runoff, but could the water be directed to support more vegetation?

... And where the water is going

Why not direct  
rainwater to the  
tree instead of the  
parking lot?
